Notes for Teachers

The simple future: The exercises to practice how to form the simple future tense.

"Must": Exercises to practice how to express obligation using the modal verb "must"

The Song: A word-gap exercise. Included in this teaching book are the full song words and the teacher can give students independent access to the playback music. This means that those who want to can rap the song and even record it and publish it for the rest of the class to hear. This can also be done if the students form bands and perform together in groups, again, either in class or via social media

Restaurant Vocabulary: Using the list as a reference "brainstorm" the vocabulary of a restaurant
