You've Got To Believe! - Full Lyrics

You've got to Believe

We're the wandering, travelling 3D show,
We play the songs that you will come to know.
You know if it's right, just believe it,
You know if it's right, it must be sound.
You know that it's right, and it's got 3D in it,
Because humanity is all around.

So come on and let's move all together,
In perfect harmony.
Go with the flow just like a mountain stream,
As it meets its destiny.
You've got to believe.
You've got to believe.
You've got to believe.
You've got to believe.

When things are down there's nowhere left to go,
Take a look around, take time and then you will know,
You've got to tune in to the feeling,
You've got to tune in to the sound
You've got to tune in and keep believing
Because reality is in the crowd.

When the road ahead is open,
And all roads back are closed.
And the tapestry's been woven,
Without the details you proposed.
You've got to believe.
You've got to believe.
You've got to believe.
You've got to believe.

So come on and let's move all together,
In perfect harmony.
Go with the flow just like a mountain stream,
As it meets its destiny.
When the road ahead is open,
And all roads back are closed.
And the tapestry's been woven,
Without the details you proposed.
You've got to believe.
