

2020. A bad year for many.

2020. A good year for few.

2020. Nobody was ready.

2020. How was it for you?

We had to say goodbye to so many famous \_\_\_\_\_

Kirk Douglas, Sean Connery, Chadwick Boseman (The Black Panther)

Many others left us, but will never be \_\_\_\_\_,

Kobe Bryant, Ruth Ginsburg, Little Richard or \_\_\_\_\_.

Fires in Australia, in the USA, \_\_\_\_\_

An earthquake in Turkey and a volcano in the \_\_\_\_\_

In Beirut, an explosion, that was a mystery to \_\_\_\_\_,

An oil spill from a Russian ship pollution in the \_\_\_\_\_.

The Iranians killed hundreds flying in a \_\_\_\_\_,

At first they denied it because it came from \_\_\_\_\_.

The US killed a General from the Iranian \_\_\_\_\_,

They used a drone to avoid danger, capture, risks or \_\_\_\_\_.

That was 2020. A bad year for many.

That was 2020. A good year for few.

That was 2020. Nobody was ready.

That was 2020. How was it for you?

The Antarctic had the highest temperatures,

While Donald Trump denied climate \_\_\_\_\_,

The US left the Paris Agreement,

With Greta Thunberg in a \_\_\_\_\_.

Harry and Meghan left the Royal family,

While George Floyd was killed for being \_\_\_\_\_.

The UK left Europe and they're never coming back.

Elon Musk says the future's on \_\_\_\_\_

He's inventing clever motorways and electric cars.

Then came the month of \_\_\_\_\_

STOP!

This is Coronavirus

Stay in your houses!

That was 2020. A bad year for many.

That was 2020. A good year for few.

That was 2020. Nobody was ready.

That was 2020. How was it for you?

What I thought was just a \_\_\_\_\_,

Was killing people like me and you.

The elderly were vulnerable but so was everyone

We could all carry it, one for all, all for \_\_\_\_\_.

Lockdown, distance, masks and gel,

What used to be a paradise was now a living \_\_\_\_\_.

People who were working were told to stay at home,

Nurses, doctors and essential ones

Found themselves alone.

That was 2020. A bad year for many.

That was 2020. A good year for few.

That was 2020. Nobody was ready.

That was 2020. How was it for you?
